Great, thank you. Demos will be over around 4:30 pm.

I can be reached on my mobile at 202-487-3503.

Flarion has proposed testing at a second location at USDA (12th & Constitution) through 8/1.
Will email you when confirmed.

Thanks again for your help.
Barclay,

This shouldn't be a problem for us as long as tests don't go into the night.
We fire up our RF microphones at night. If you need anything else please let me know. Do you have a cell phone number in case something happens?

Regards,

Joe
