Ok,

Barclay. Not a problem as long as we don't have a news emergency we should be fine.

Flarion has completed its demos at the FCC building. Flarion will begin demos at the second location at 12th & Independence (just two blocks away) on Thursday. The demos will end in the afternoon, so this second location will not impact your wireless microphones.

Please reply by email so I can provide the necessary documentation to the FCC.

Sorry for the imposition and please contact me if you have any concerns.
Thanks,
Barclay Jones
