Anthony,

Regarding the frequency coordination for  
BLP00749- Outlet Broadcasting Inc. On the FCC Administrative Database:  
ULS Database it lists the following info-

Outlet Broadcasting Inc.  
1299 Pennsylvania Ave  
Washington DC  
Diane Zipursky  
212-664-2746

I have left several voicemails at that number (just so you know-its not Diane Zipursky). I have tried to search for a main telephone number for Outlet Broadcasting and have not been able to. But it appears that Outlet may have WJAR-TV in Providence, RI which is an NBC affiliate. I managed to locate the general number of the one listed above and it is an NBC office in NY and they said Diane was in DC and gave me a number 202-885-4000 which is an NBC office in DC. Diane does not work at that office either, she is an attorney that does work for NBC. I spoke with Chuck in Engineering and he gave me the name of Clark Smith in Engineering at WJAR-TV- 401-455-9516. I've left a voicemail for him and am waiting for his reply to see if he may know how to contact the Outlet Broadcasting frequency Coordinator.

Maybe you can guide me in the right direction. I have already got the approval/frequency from the SBE coordinator in Boston and the ok from Viacom.

Thanks,
