

Attachment 1 – Question 6, Form 442

File Number 0214-EX-PL-2002

Form 442 Confirmation # EL12587

Experimental radio system will be used to assist in the testing of vehicle/engine performance under different climate conditions nationwide.

The requested frequency is the best available for this type of testing. There is no other equipment commercially available in the frequency band or power required to meet technical standards.

No other communications facilities are available nationwide for this type of requirement.
