Application Narrative for Proposed Equipment

Proposed Program

Ford Motor Company is proposing GPS within their vehicle crash laboratory building for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the aircraft facility, located at 20000 Oakwood Blvd, Dearborn, MI with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their vehicles to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information
