DISMISSED-WITHOUT PREJUDICE

Dear George Mayor,

This refers to application, File No. 0152-EX-ST-2019, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. NTIA objects to authorize this STA for the following reason(s):

1. The 15.4 - 15.7 GHz band is allocated for aeronautical radionavigation and is for Detect and Avoid (DAA) functions. Since this STA is being used for radiolocation, Fortem must operate in frequency range suitable for that purpose.
2. Fortem Technologies, Inc. should be aware that any prior concurrence with testing was done on a case by case basis and in no way implies automatic approvals in any current or future submissions.

Responses to this correspondence must contain the Reference number : 46243

Sincerely,

Anthony Serafini
Chief
Experimental Licensing Branch
