Dear Leann,

In reference to STA 0404-EX-ST-2019, the NTIA requested the following information. Please see below Fortem's responses.

1. Please provide the FAA POC who may be at the airport and may have coordinated with Fortem on the proposed operations:

a. Jared Esselman C.M. – Director of Aeronautics – 801-715-2262 – jesselman@utah.gov

2. Explain who will be monitoring and coordinating the operations at Salt Lake City airport.

a. Jared Essleman has access to the software and monitors operations at the location. Fortem's technicians can also view the software (GUI) for the radars to provide technical support.
