DISMISSED-WITHOUT PREJUDICE

Dear George Mayor,

This refers to application, File No. 0488-EX-ST-2019, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. NTIA objected to authorize the application based upon the description of operations in that section because it is extremely likely due to the sensitive operations in these bands. The application is for one band, but the statement covers two different bands where the operations are separate and distinct from one another.

Responses to this correspondence must contain the Reference number : 46946

Sincerely,

Anthony Serafini
