Subject: Request for Info - File #0211-EX-PL-2007

Message:

1. The use of GPS re-radiating equipment is limited to activity for the purpose of testing Radio Navigation Satellite Service (RNSS) equipment/systems. If you are not using this to test GPS equipment, and are simply requesting a license so that your GPS equipment will display a reading inside the fire station, then you are not allowed to obtain an experimental license and the equipment may not be sold to you. If you are not eligible for a license, state that and you need not answer the rest of the items below.
2. The fee for this application has not been verified. If you are considered part of a local government, then the fee is waived. If this is so, state that in writing.
3. Submit a narrative statement describing in detail the program of research and experimentation proposed, the specific objectives sought to be accomplished; and how the program of experimentation has a reasonable promise of contribution to the development, extension, or expansion, or utilization of the radio art, or is along lines not already investigated.
4. There are no emission and bandwidth data present in the application. Return to our electronic filing system and use the "Amend/Complete Application" filing option to enter these data. You can use Parts 2.201 and 2.202 of the FCC's rules for guidance.
5. In order to process your application further, NTIA requires the FCC to forward documentation from the applicant showing compliance with Section 8.3.28 of the NTIA Manual (<http://www.ntia.doc.gov/osmhome/redbook/8.pdf>). Submit this documentation as an attachment to this filing.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 03, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://gulfoss2.fcc.gov/prod/oet/cf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
