Subject: FCC File# 0028-EX-PL-2011

---

Message:

Your correspondence states application 0028-EX-PL-2011 is a duplicate of a previously approved application 0429-EX-PL-2009 but it is not a duplicate. The power levels are different, the radar model # is different, etc. Why do you think it is a duplicate? I checked new authorization: using existing app as reference so what is going on?

Thanks
