Congratulations! Your technology experiment(s) for TE 21-2 has been reviewed and selected for participation pending any frequency and/or waiver approvals.

Due to the overwhelming response for this event and in consideration of COVID precautions, we need to reschedule the main portion of the event, to include your experiment, for the week of 21-25 June at the Muscatatuck Urban Training Center. If you are unable to accommodate this change, please advise the TE team at Tech_exp@socom.mil as soon as possible.

While at the event, there may be USSOCOM photographers and videographers on site. Please fill out the attached photography approval form and email it back to us or bring it to the event with you. If your company does not agree to us using photos of your technology, please let us know that as well so we can let our Public Affairs personnel know.

Upon determining your team, each participant must individually register at:
<http://www.socom.mil/SOF-ATL/Pages/technicalexpregform.aspx>.

If you have any Foreign Nationals on your team, along with registering at the site above, we will need them to send us the following information for them to gain base access:

Full Name

Date of Birth

Passport Number

Country

Organization

Please use the following DoD site for a secure transmission: <https://safe.apps.mil/>

To better assist in making your travel arrangements here is an overview schedule of events for the week:

- Monday 21 June - Registration will be held in Seymour, IN at a location and time to be announced later.
- Tuesday 22 June - Registration will open at 0700, the **mandatory all hands** morning brief will begin **promptly** at 0800, lunch will be from 1200-1300, and we will have our end of day brief at 1600.
- Wednesday 23 June - Registration will open at 0700, the **mandatory** morning brief will begin **promptly** at 0800, lunch will be from 1200-1300, and we will have our end of day brief at 1600.
- Thursday 24 June - Registration will open at 0700, the **mandatory** morning brief will begin

promptly at 0800, we will have a 1200 briefing to ascertain the current status of assessment and determine when the event will conclude.

- Friday 25 June - Travel day home

This schedule is subject to change, and we often finish the event early. We will keep you appraised of any anticipated changes.

If you have any questions, please visit our website for Frequently Asked Questions at <http://www.socom.mil/SOF-ATL/Pages/FAQ.aspx> or contact us at tech_exp@socom.mil.

Sincerely,

USSOCOM Technical Experimentation Team
