Subject: Request for Info - File # 1780-EX-ST-2026

Message:

1) Please confirm whether your proposed operations include airborne flight testing using this frequency band. If flight testing is included, please provide the maximum proposed flight altitude in feet above ground level (AGL). 2) If flight testing is included, please provide the maximum proposed flight altitude in feet above ground level (AGL). 3) Your application indicates a 713-kilometer radius, which is an extremely wide operational range. Please provide justification explaining-

Why such an extended radius is operationally required.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 09, 2026 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
