Subject: Request for Info - STA File # 0212-EX-ST-2005

Message:

The 5 GHz data has not been added to the transmitter section of the application. The only mention of 5 GHz frequencies is in the "Why STA Is Necessary" section. The data must be entered in the technical data frequency section for processing to continue. Return to our Web site at <https://gullfoss2.fcc.gov/prod/oet/cf/els/> and use the "Amend/Complete Application" link.

After entering your file and confirmation numbers, click the "Freq Data" link, click the "Go" button in front of the lone location and add the frequency data on the next screen. Don't forget to enter emission data.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 28, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at https://gullfoss2.fcc.gov/prod/oet/index_els.html by clicking on the "Submit Correspondence" hyperlink.
