Subject: Request for Info - File # 0005-EX-TU-2021

Message:

Office of Engineering and Technology:

The parties submit the following status update in response to the Office of Engineering and Technology's ("OET") February 22, 2021 Request for Information.

The Wireless Telecommunications Bureau consented to the associated Form 603 transfer of control applications on March 5, 2021. See Transfer of Control of Licensee Applications, Public Notice, Report No. 15730 (Mar. 10, 2021). The International Bureau accepted the associated Form 312 transfer of control application on March 10, 2021. See Satellite Radio Applications Accepted for Filing, Public Notice, Report No. SES-02343 (Mar. 10, 2021). This application remains pending before the International Bureau.

In addition, GATR Technologies, Inc. applied for an extension of its current Experimental Special Temporary Authority (Call Sign WR9XAO) on March 11, 2021. See OET File No. 0350-EX-ST-2021. Pursuant to Attachment 1, Exhibit 1 of the Form 703 transfer of control application (OET File No. 0005-EX-TU-2021), the parties request that OET include this application—and any resulting authorization—in the transfer of control.

Please advise if OET requires any additional information.

Respectfully submitted,

Corey Walker
