Subject: Government Project Description for Question 4 of Form 442

Dear Sir/Madam:

General Dynamics C4 Systems (GDC4S) is planning to utilize this experimental license, File Number: 0526-EX-PL-2011, to build and operate a prototype border protection system demonstration site to support US Government contract pursuits. The border protection system includes an X-Band surveillance radar capable of detecting moving ground targets out to a distance of 20 miles, or more.

Please contact me if you need any additional information or have any questions.

Thank you very much.

Regards,

Gil Estrella
