NAME General Dynamics Mission Systems

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

COMMISSION**

Special Conditions:

- (1) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (2) Licensee agrees that the project is limited to testing, experimentation or trial and may not involve live-duty operations by first responders or others to protect life, property, or safety.
- (3) Licensee agrees that any press release to be issued regarding the STA, surrounding demonstration, or use of Band 14 spectrum must be coordinated with and receive written signoff from FirstNet prior to release.
- (4) Licensee certifies that the Governor-appointed FirstNet Single Point of Contact within the proposed STA location has been notified of license application (contact information available at www.firstnet.gov/consultation).
- (5) Licensee must accept interference from any other user of Band 14 and must coordinate operation with other authorized Band 14 STAs/Experimental Licenses.
- (6) Licensee must not cause interference to FirstNet operations or those approved to operate in Band 14 per license (i.e. SMLA licensees/current incumbents).
- (7) Licensee certifies that it has verified with reasonable supporting detail no current potential for interference with FirstNet operations or those approved to operate in Band 14 per STA/EL or license (i.e. SMLA licensees/current incumbents).
- (8) POC is established and sent to FirstNet upon license approval with "kill switch" authority; Licensee agrees to cease operations at request of FirstNet immediately upon receipt of request to kill switch POC until such time, as determined by FirstNet, that project may continue.
