Subject: Request for Info - File # 0251-EX-CR-2026

---

Message:

Mr Nguyen,

Below is the narrative that was requested for this renewal.

GDMS to test, characterize, and demonstrate a portable, commercial 5G cellular communication system. Demonstrate a mobile 5G cell tower using a cell on wheels (COW) trailer. The COW would provide a mast capable of a maximum height of 30 feet.

Regards,

Gil Estrella
