Thanks Mr. Small! Some of this information was included in the exhibit I submitted with original application but not all.

I am adding another exhibit to the application with complete information.

Regards,

Gil Estrella

Dear Mr. Estrella,

I am reviewing this application, and note that it does not contain an exhibit addressing NTIA Manual Section 8.3.28 questions, which is required for all GPS re-radiator experiments, including renewals. So, if you can add that exhibit to your application, we can begin processing it.

Thank you,

Rodney Small
