Subject: Request for Info - STA File #0089-EX-ST-2006

Message:

In your original STA request, File #0399-EX-ST-2006, the Wireless Telecommunications Bureau agreed not to object based on the fact that it was for a small number of units and for a limited period of time. You now indicate that you wish to do this testing for a much longer period of time. This spectrum is allocated for non-government use in the United States. Do you intend to develop this equipment for operational use within the U.S.? Do you have a government contract to perform this testing?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of February 24, 2006 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
