Attn.: Mr. Doug Young

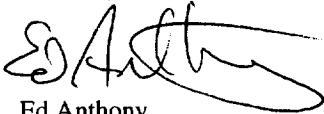

Dear Mr. Young,

As we discussed during our telephone conversation of May 14, I have reviewed our need for the 450 MHz experimental license request which Glenayre has on file with your office. Given the spectrum availability and uncertainty in this band, we have shelved our experimental project until the direction of the UHF band becomes more clear.

Therefore, Glenayre wishes to withdraw its request for an experimental license, and will reapply at a later date if the spectrum availability situation improves.

Thank you for your understanding in this matter.

Sincerely,

Ed Anthony
