dear ELB folks -

ref 0272-EX-PL-2001, conf: EL11778 [form 159 support]
442 for Global Atmospheric, Inc.

We've modified the 442 on-line but did not get the form 159 payment form: please advise FCC ELB procedure to file form 159 if it wasn't filled out with the initial 442 on-line submission. Would be helpful if a form 159 filing status [yes or no] could be added to the Application Status radio button. If no, the 159 would be displayed for user completion.

If the on-line amend application button cannot at this time generate a digital form 159, please advise methods for manual submission of the payment: I don't want the FCC clock to run out trying to find a way to pay the 442 license fee.
