

This request will result in no possibility for increased interference. In this request, Globalstar seeks authority, in connection with the SASSI2 CubeSat mission, to provide service to the EyeStar-D2 communication module which uses the Globalstar GSP-1720 (FCCID J9CGSSDVM) transceiver which is used by the SASSI2 spacecraft.

All operations of the Globalstar Constellation, regarding communication with the subject CubeSat, are indistinguishable in characteristic from the technical characteristics of Globalstar's already-licensed space station transmissions.
