**SUBJECT: EXPERIMENTAL RADIO SERVICE AUTHORIZATION
GTE SOUTHWEST INCORPORATED, IRVING, TEXAS
FCC FORM 442 APPLICATION FOR NEW AUTHORIZATION**

GTE Southwest Incorporated hereby submits one (1) FCC Form 442 application with appropriate exhibits, in duplicate, requesting a new Experimental Radio Service authorization. The applicant seeks experimental authority commencing on or about September 21, 1998 in order to test fixed wireless local loop technology as described herein.

GTE Southwest Incorporated seeks authorization to conduct a variety of tests and evaluations of the fixed wireless local loop (WLL) technology in the frequency bands currently allocated to the U.S. Government for use in the Radiolocation Service as stated under Part 2 - Table of Frequency Allocations.

Please direct any questions regarding this matter to Ms Suzanne Carmel of the GTE Washington, D.C. office at 202/463-5295.

Very truly yours
