Subject: Request for Info - STA File #0219-EX-ST-2006

Message:

What is the reason for asking for extension of your experimental STA rather than operating under the BPL rules set out in Part 15, Subpart G of the FCC's rules?

You were required to submit a progress report at the end of your original STA, but one has not been filed yet. An extension of STA will not be granted until that report has been filed. If you still must operate under experimental STA rather than operating under Part 15, return to our filing site at <https://gullfoss2.fcc.gov/prod/oet/cf/els/index.cfm> and upload your progress report as an exhibit to file #0430-EX-ST-2005, using the "Add Attachments" link and respond to this email through the "Reply to Correspondence" link.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 31, 2006 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://gullfoss2.fcc.gov/prod/oet/cf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
