

December 10, 2018

To Whom It May Concern:

This is to certify that:

Hanover College deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by Hanover College in a controlled environment.

Hanover College will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

Hanover College has extensive RF experience and expertise deploying RF networks.

For the above reasons, I believe Hanover College meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

Kevin Stormer

Network Systems Specialist

517 Ball Drive

Hanover, IN 47243
