

**United States of America
FEDERAL COMMUNICATIONS COMMISSION
EXPERIMENTAL
SPECIAL TEMPORARY AUTHORIZATION**

EXPERIMENTAL

(Nature of Service)

WJ9XDH

(Call Sign)

XT FX MO

(Class of Station)

1416-EX-ST-2016

(File Number)

NAME Harris Corporation

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

Purpose Of Operation:

Demonstration of wireless technologies related to the public safety community on the exhibit floor of the San Diego Convention Center.

Station Locations

- (1) San Diego (SAN DIEGO), CA - NL 32-42-23; WL 117-09-43; MOBILE:within 0.01 km, centered around NL 32-42-23; WL 117-09-43

Frequency Information

San Diego (SAN DIEGO), CA - NL 32-42-23; WL 117-09-43; MOBILE:within 0.01 km, centered around NL 32-42-23; WL 117-09-43

Frequency	Station Class	Emission Designator	Authorized Power	Frequency Tolerance (+/-)
758-768 MHz	FX	10M0D7W	200 mW (ERP)	
788-798 MHz	MO	8M95G7D 8M95W7D	200 mW (ERP)	

This authorization effective October 14, 2016 and
will expire 3:00 A.M. EST October 19, 2016

**FEDERAL
COMMUNICATIONS
COMMISSION**

Special Conditions:

- (1) FirstNet can request the FCC to order the licensee to cease operations within 24 hours.
- (2) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (3) Licensee agrees that project limited to testing, experimentation or trial and may not involve live-duty operations by first responders or others to protect life, property, or safety.
- (4) Licensee must accept interference from any other user of Band 14 and must coordinate operation with other authorized Band 14 STAs/ELs (i.e. during trade shows, multiple STAs will likely be requested and granted, it is up to each STA holder to effectively coordinate operation amongst themselves). Failure to effectively coordinate shall result in immediate suspension of STA until such time, as determined by FirstNet, that project may continue.
- (5) Licensee must not cause interference to FirstNet operations or those approved to operate in Band 14 per license (i.e. SMLA licensees/current incumbents). Failure to effectively coordinate shall result in immediate suspension of STA until such time, as determined by FirstNet, that project may continue.
- (6) POC must be established and sent to FirstNet upon STA approval with "kill switch" authority; Licensee agrees to immediately cease operations at request of FirstNet upon receipt (in any form and for any reason) of request to kill switch POC until such time, as determined by FirstNet, that project may continue.
- (7) Licensee agrees that any press release to be issued regarding the STA, surrounding demonstration, or use of Band 14 spectrum relating to the STA must be coordinated with and receive written signoff from FirstNet prior to release (POCs: ryan.oremland@firstnet.gov and peter.tomzcak@firstnet.gov).
- (8) Licensee certifies that the Governor-appointed FirstNet Single Point of Contact within the proposed STA location has been notified of STA application (contact information available at www.firstnet.gov/consultation).
- (9) Licensee certifies that it has verified with reasonable supporting detail no current potential for interference with FirstNet operations or those approved to operate in Band 14 per STA/EL or license (i.e. SMLA licensees/current incumbents).
