

**Harris Corporation
STA Extension Request
WD9XCC
File No. 0182-EX-ST-2008**

**EXHIBIT I
STA Extension Request**

Harris Corporation ("Harris") hereby submits this request for an extension of Special Temporary Authority ("STA") issued under Call Sign WD9XCC (File No. 0165-EX-ST-2007). The existing authorization is set to expire on April 26, 2008. Extensive testing pursuant to the experimental authorization continues, and Harris hereby seeks an additional six months to continue testing in support of planned demonstrations. For the foregoing reason, Harris hereby requests an extension of STA until October 26, 2008.

Harris submits that a grant of this request for an extension of STA is necessary and in the public interest because it will advance national security efforts by assisting in the development of a new family of radio communications equipment for use by military, government, and public safety organizations, based on the emerging Wireless Metropolitan Area Network (MAN) technology that is standardized in the IEEE 802.16-2004 and 802.16e-2005 standards.

Harris acknowledges that an FCC grant of this STA extension is deemed temporary in nature. If Harris seeks an authorization term beyond that requested herein, it will apply for a permanent experimental authorization as required under the Commission's Rules.
