Re: **Job Number: 070622COMSRP01**
Harris Corporation proposed to temporary conduct testing of their HNR equipment within 5 sites in Melbourne and Palm Bay, FL

Sites:

- (1) Harris Campus Building 5 (Brevard County), FL – N 28 1 53.2; W 80 35 52
- (2) Harris Campus Building 1 (Brevard County), FL – N 28 1 59.6; W 80 35 51.1
- (3) Northrop Grumman CWIN (Brevard County), FL – N 28 5 50.7, W 80 39 3.2
- (4) HMMWV Vehicle (Brevard County), FL – N 28 1 59.6, W 80 35 51.1 (25 km radius)
- (5) Cessna Aircraft (Brevard County), FL – N 28 5 56.6, W 80 38 36.4 (33 km radius)

*** Expedited Response Requested by July 6, 2007 ***

Dear Mr. Murdock:

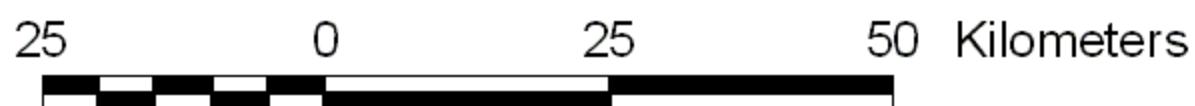

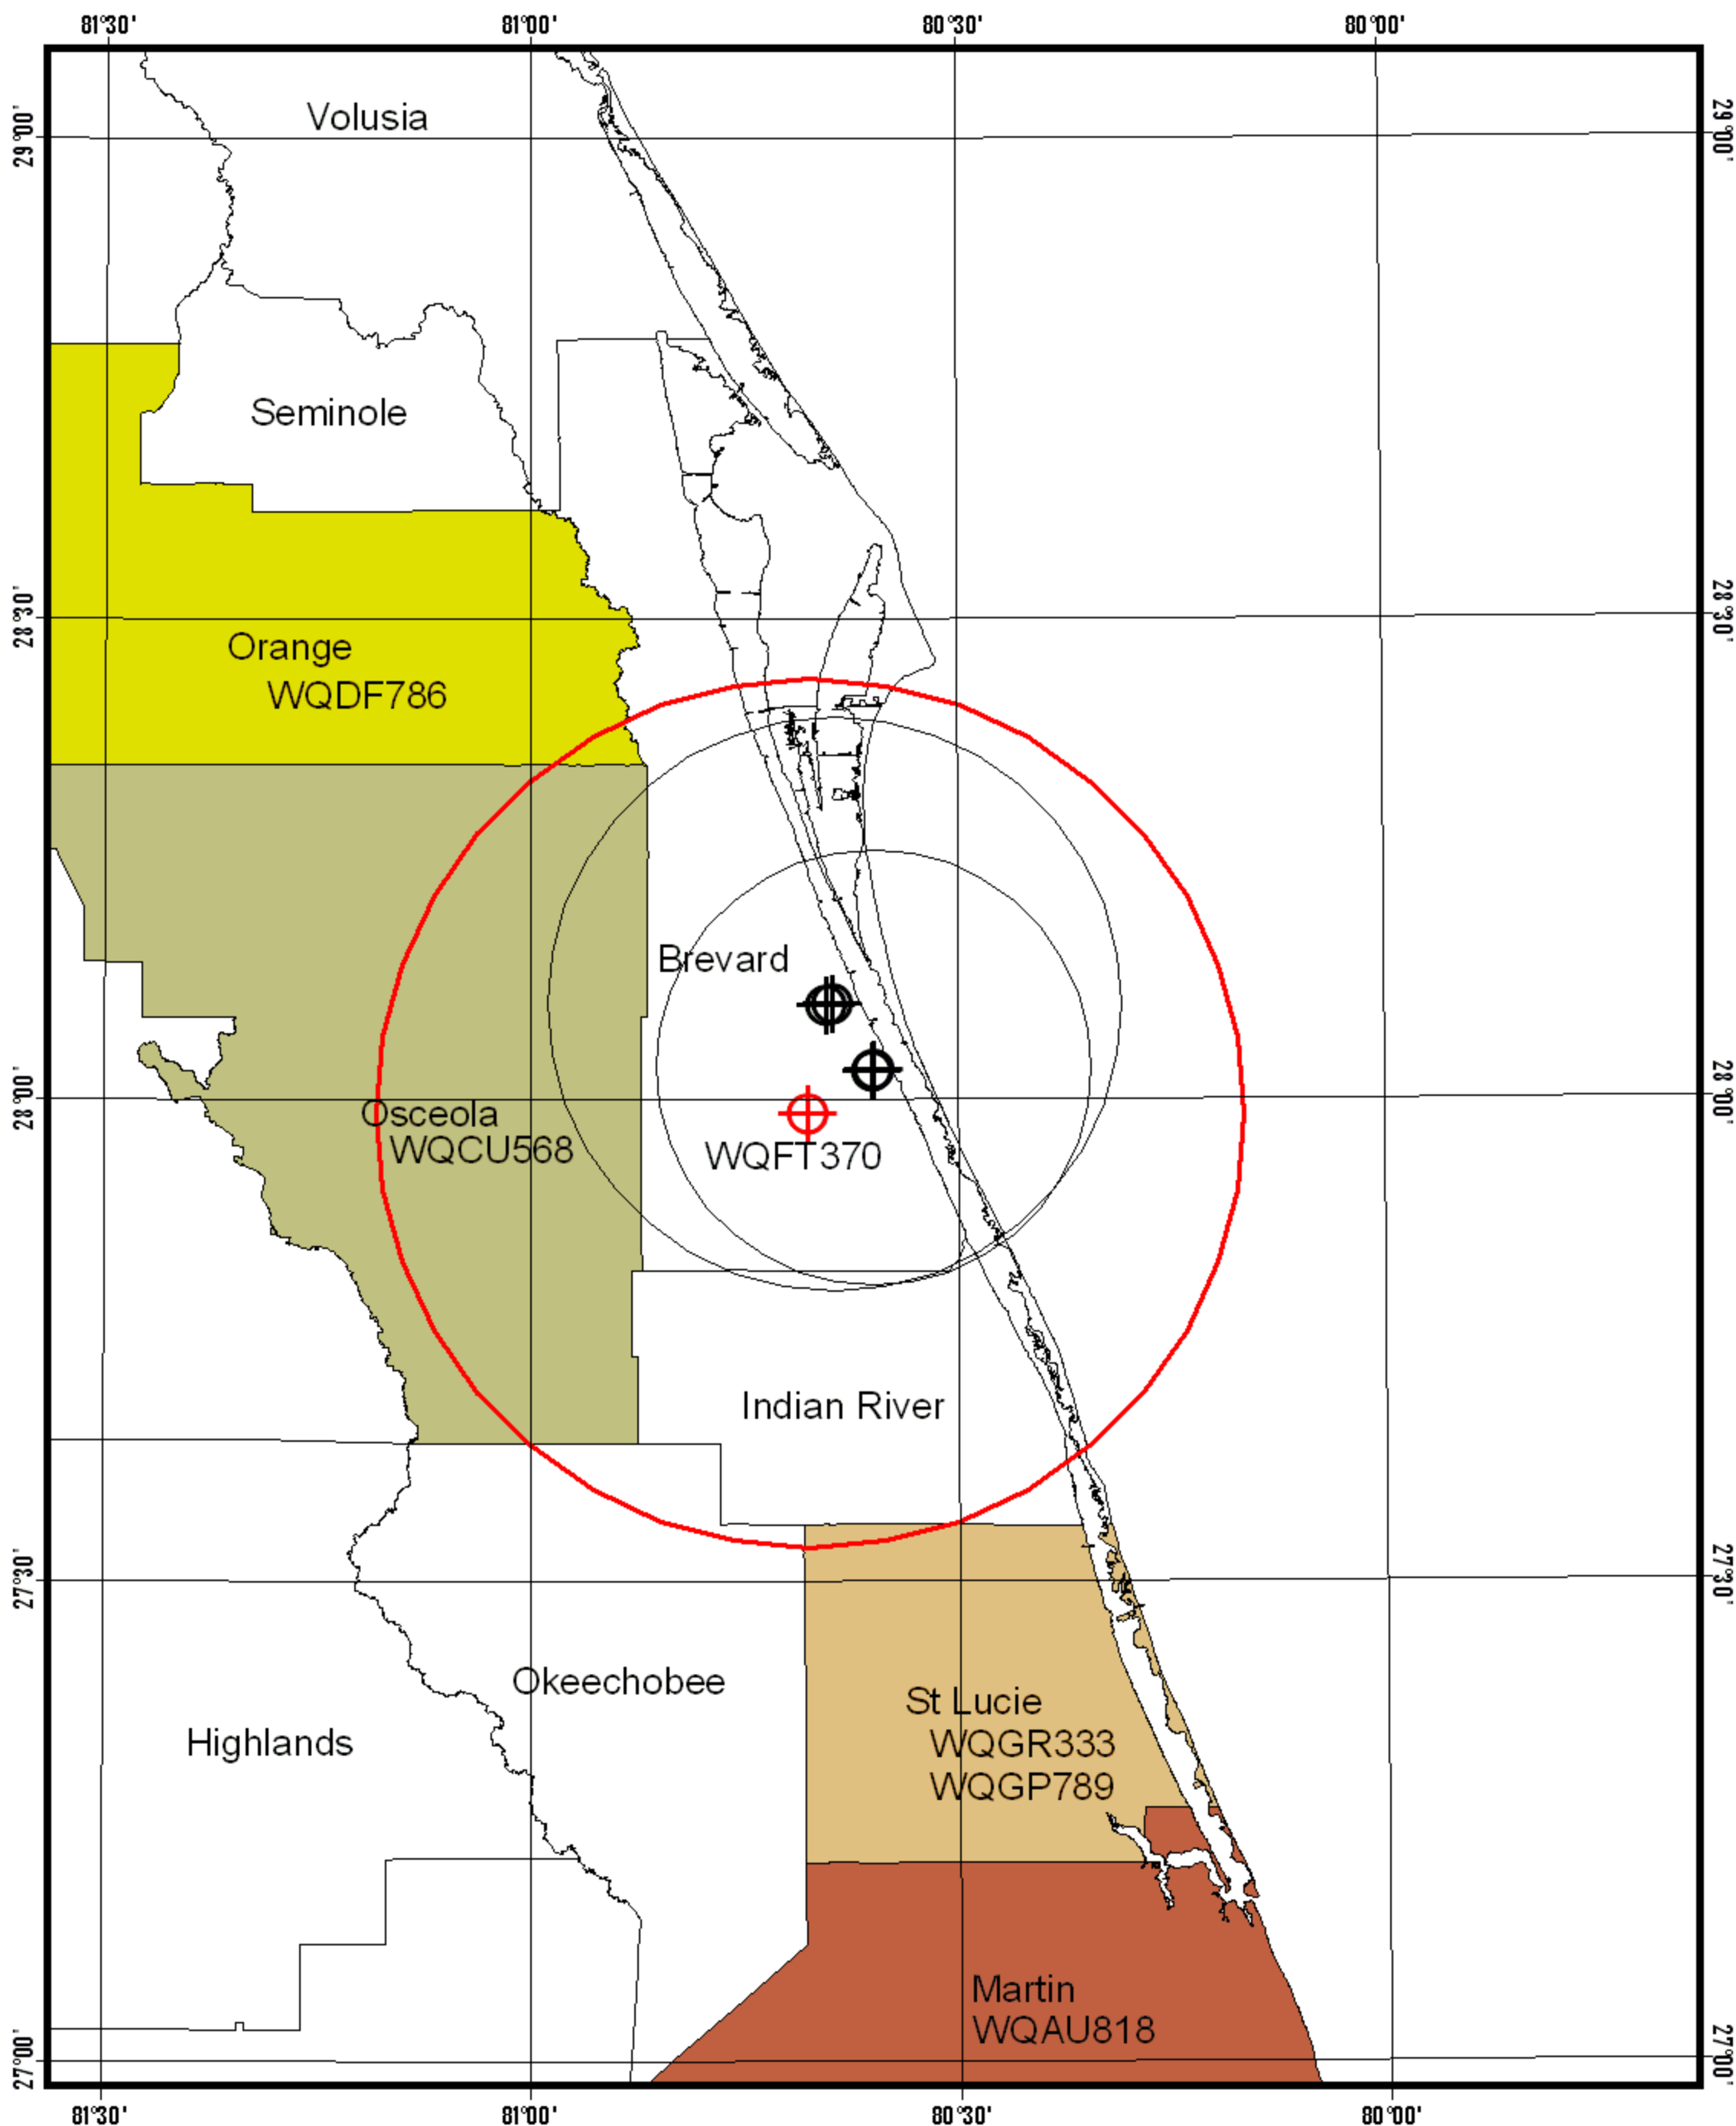

Our Client Harris Corporation proposed to temporary test low power operations within 5 sites at Harris and Northrop Grumman facilities in Brevard County, FL. Harris will like to start the testing on August 13th. The operation would fall under FCC Rule Part 5.3 (d) which allows experimental spectrum usage for "technical demonstrations of equipment or techniques." Harris and Northrop Grumman's objectives are to demonstrate to the US Armed Forces the capabilities and technologies that they can bring to the military that are limited or unavailable. Harris Corporation has filed a Special Temporary Experimental Application (STA) to FCC. We are providing you with a plot of their proposed systems' area of operation for your review. Please include the job number referenced above in your response. We will assume that you concur with our findings if we receive no objections to this proposal by July 6, 2007.

If you have any questions, or require additional information, please contact me at (703) 726-5706.

Sincerely,

COMSEARCH
