

**HARRIS CORPORATION
EXPERIMENTAL SPECIAL TEMPORARY
AUTHORITY APPLICATION
FILE NO. 0354-EX-ST-2008
OCTOBER 2008**

AMENDMENT PURPOSE

Harris Corporation ("Harris") hereby submits this amendment to its Special Temporary Authority ("STA") request originally filed July 8, 2008 under FCC File No. 0354-EX-ST-2008. This STA request was subsequently amended on August 8, 2008.

The purpose of this amendment, pursuant to FCC request as set forth in correspondence reference number 7509 (dated September 23, 2008), is to modify the frequencies as originally proposed in the initial STA by selecting center-channel frequencies of 286.4 MHz and 362.5 MHz to accurately depict the requested operations.

All other information as previously submitted to the Commission remains unchanged.

As previously noted, Harris submits that a grant of an experimental STA is necessary and in the public interest because it will advance national security efforts.

The stop buzzer contact for this project remains Jamie Waldron, Field Engineer, tel: (585)241-8275, mobile: (585)770-0135 (24 Hour Monitor), e-mail: jwaldr02@harris.com.
