

**HARRIS CORPORATION
EXPERIMENTAL STA APPLICATION
FURTHER AMENDMENT
FILE NO. 0535-EX-ST-2010
NOVEMBER 30, 2010**

Harris Corporation ("Harris") hereby submits this second amendment to its request for Special Temporary Authority ("STA") filed on November 4, 2010 (FCC File No. 0535-EX-ST-2010)¹ to correct the data in the previous STA requests to reflect the station class for each requested frequency as being both fixed and mobile.

As noted in the November 24, 2010 amendment submission, owing to unforeseen delays relating to the requested testing, the STA request has been changed to reflect the operational start and end dates to January 1, 2011 through March 30, 2011.

As stated in the original STA filing, the experimental testing requested is to perform testing in conjunction with the United States Air Force ("USAF") in support of the USAF Tactical Air Control Party Modernization ("TACP-M") program.²

The **stop buzzer contacts** for this project remain as James Lill of Harris, mobile: (585)-233-5781, e-mail: JLill@harris.com or Stephan Sykes, mobile (585)402-3466.

¹ On November 23, 2010, Commission staff sent a request for information to Harris under reference number 12396. Harris will provide a response to that request for information shortly. On November 30, 2010 Commission staff sent an additional request for information to Harris under reference number 12407. This amendment is to correct the data to reflect fixed/mobile for each requested frequency.
