Subject: Request for Info - File #0536-EX-PL-2011

Message:

On January 9, 2012 the Commission issued Harris Corporation (Harris) a request for information in relation to its experimental application under File No. 0536-EX-PL-2011. Specifically, the Commission noted that operations in the 1350-1390 MHz band require coordination with the FAA Spectrum Support Center/ FAA Regional Frequency Management Office. On February 9, 2012 Harris requested a 30 day extension to reply to the FCC request for information in order to finalize coordination with the FAA Spectrum Support Center/ FAA Regional Frequency Management Office.

Coordination with the FAA Spectrum Support Center/ FAA Regional Frequency Management Office has now been completed. As requested in the original request for information, the NGT number assigned by the FAA Spectrum Support Center/ FAA Regional Frequency Management Office for the coordination is as follows:

SER#	FREQ
NGT 120106	M1350-M1390
