

**HARRIS CORPORATION  
SPECIAL TEMPORARY AUTHORITY  
EXTENSION REQUEST  
FILE NO. 0704-EX-ST-2014**

**EXHIBIT I - Request for Extension of Special Temporary Authority**

Harris Corporation ("Harris") hereby submits this request for a final extension of Special Temporary Authority ("STA") issued under Call Sign WG9XGG (File No. 0640-EX-ST-2013, as extended by 0098-EX-ST-2014). The existing temporary authorization is set to expire on August 7, 2014. The additional extension is necessary to permit additional systems integration testing relating to the **Warfighter Information Network – Tactical ("WIN-T") Inc3** program, which is scheduled to be completed by December 31, 2014.

Harris submits that a grant of this STA extension request is necessary and in the public interest because it will advance national security efforts by facilitating delivery of technologically advanced radio equipment to deployed US troops abroad on assignments in theater.

Because the equipment is technically incapable of providing station identification, Harris respectfully requests a waiver of the station identification provisions of Section 5.115 of the Commission's rules, 47 C.F.R. § 5.115.

Harris certifies that this request is associated with Special Condition #2 on the original STA issued under File No. 0098-EX-ST-2014, namely:

*"This authorization is issued for the express purpose of conducting experimental operations described in the related application and required by US Army Contract No. DAAB07-02-C-F404. The use of this radio station in any other manner or for any other purpose will constitute a violation of the privileges herein authorized. Except as subsequently authorized by the Commission, this radio station shall not be operated after the expiration date of the contract designated in the related application and enumerated above."*

As referenced in the original STA request, the **stop buzzer contact** for this project is Greg Wilson, Systems Engineer at Harris, tel: (321) 727-6940, mobile: (321) 505-2092, e-mail: gregory.wilson@harris.com.
