Dear Sir / Ms:

Per instructions given by your Office of Engineering and Technology in Washington, D.C., I am enclosing the applications for both temporary and "standard" licenses for the operation of radio stations. Included you will find applications for both types of licenses for an INMARSAT B and an INMARSAT C terminal. We would appreciate your expediting these licenses applications for us.

Please feel free to contact us at any time should there be any questions concerning any of the documents.

Thank you very much for your assistance.

Yours truly,
