

August 25, 1998

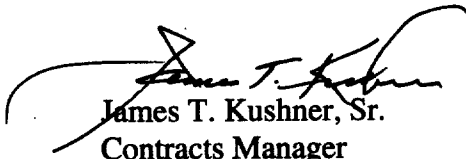

Mr. Douglas A. Young 1300-E1
Federal Communications Commission
Experimental Licensing Branch
2000 M Street, Suite 230
Washington, DC 20554

Dear Mr. Young:

Enclosed you will find copies of FCC Form 442 seeking modification to our Experimental Radio License (Call Sign WA2XTL, File Number 6078-EX-PL-1998) and a letter request for Special Temporary Authority to operate three INMARSAT C ship earth stations from a temporary-fixed location in the United States. The originals of these applications along with the requisite processing fees have been submitted to the FCC in Pittsburgh. Also enclosed are copies of applications we have forwarded to COMSAT Mobile Communications requesting INMARSAT satellite services for these terminals. I am providing you with these materials in anticipation that they will aid in your evaluation of and favorable action on our license modification and STA requests.

Please feel free to contact us at any time should there be questions on this matter. Thank you very much and we look forward to receiving our license approvals shortly.

Yours truly,

James T. Kushner, Sr.
Contracts Manager
