Dear Ms. Searcy:

Transmitted herewith for filing with the Commission on behalf of Hazeltine Corporation are an original and two copies of an application on FCC Form 442 for a new station in the Experimental Radio Service at Greenlawn, New York.

The authorization requested will permit Hazeltine to resume experimental service previously authorized by the Commission under the call sign KB2XAQ. Because the Commission has previously authorized this service on the same frequencies at the same location, expedited action on this new application should be possible, and it is hereby requested.

Should there be any questions regarding this matter, please communicate with this office.

Very truly yours,

John T. Scott, III
