Subject: STA Request For Experimental Radio Station

Dear Sir or Madam:

Pursuant to Section 5.56 of the Commission's Rules, Hazeltine Corporation hereby applies for a Special Temporary Authorization for an experimental radio station (non-broadcast) to operate in accordance with the technical information provided on the attached FCC Form 442 application for a standard experimental radio station. The original Form 442 is being filed contemporaneously with this request for an STA, and Hazeltine requests that the STA be granted until such time as the corresponding application for the standard experimental station is granted.

As indicated in the attached FCC Form 442, the purpose of the proposed experimental station is to demonstrate the capabilities of the various interrogators and transponders that are currently being manufactured and also obtain test data to verify that a newly designed interrogator, transponder, or antenna operates in accordance with required specifications.

Hazeltine certifies that neither it nor any party to it, as defined in Section 1.2002 of the Commission's Rules, is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

In the event there are any technical questions concerning this matter, please communicate with James Totura, Hazeltine's Sr. Field Engineer on the project (phone 516-261-7000 ext. 3456; fax 516-262-8166) or the undersigned (phone 516-262-8201; fax 516-262-8166).

Very truly yours,

Edward A. Onders
