

Applicant: HEVO Inc
File Number: 0241-EX-ML-2014
Correspondence Reference Number: 26229
Date of Original Email: 12/17/2014

Submit an exhibit explaining what is being modified and why the modification is necessary.

HEVO's application for an FCC Experimental License has been modified solely to add three additional locations for the research and testing of the same product. All information related to frequencies and emissions remain the same as approved in the original experimental license.
