Re: Application for New Authorization

You will find enclosed the completed FCC Form 442, Application for Experimental Radio Station Authorization, with the required FCC Form 159 and license processing fees, **\$50.00**, attached. This request is being filed by the Lockheed Martin Corporation on behalf of High Altitude Mapping Mission, Inc. for mobile operations in a 965 KMRA of sites in Eureka, Eureka County, NV and Wichita, Sedgwick County, KS.

This program is for the development and testing of a new system to obtain high resolution mapping data by using radar signals from and airborne aircraft. If you have any technical or systems questions, please feel free to call **Charles Peterson on (623) 925-7612**. All other questions relating to the completion of this application can be directed to the undersigned on **(410) 682-2156**.

Very Truly Yours,
