Dear Sir or Madam:

H. M. Electronics, Inc (FRN 005-8707-04) is a manufacturer of wireless communications systems. It would be detrimental to our competitive position for our competitors to learn of new products in development. For this reason, we are requesting that the contents of this experimental license application be kept confidential under 47 CFR Ch. 1 §0.459.

Sincerely,

David O'Gwynn
