Re: Additional Equipment Notification for HNS License Sub, LLC Experimental License WE2XEW

Dear Sir or Madam:

Pursuant to Section 5.77(a) and (b) of the FCC's rules, HNS License Sub, LLC ("HNS") hereby informs the FCC that it will also operate the following additional equipment under its experimental license WE2XEW:

Manufacturer	Model Number	No. Of Units	Experimental
ThinKom Solutions, Inc.	KA-2517	30	No

HNS confirms that this new equipment will be operated such that:

- (1) The operating frequency will not deviate more than the allowed tolerance;
- (2) The emissions will not extend outside the authorized band; and
- (3) The ERP (or EIRP) and antenna complies with the license and the regulations governing the same.

In its next modification and/or renewal application for this license, HNS intends to include this additional equipment so that it will become a permanent part of its license.

Sincerely,

/s/ Kimberly M. Baum
