Subject: Request for Info - STA File #0286-EX-ST-2008

Message:

Dear Mr. Young:

This note responds to your Request for Info -- STA File No. 0286-EX-ST-2008, dated May 27, 2008 (Ref. No. 6469), that was addressed to Mr. Steven Doiron. In that request, you asked the HNS License Sub, LLC (the applicant) to provide information on the status of the September 2007 transfer of control application that Hughes Communications, Inc. (Hughes), of which the applicant is a wholly-owned indirect subsidiary, then had pending with the International Bureau.

HNS License Sub can now report that the Hughes transfer application in File No. SAT-T/C-20070904-00119 was granted on June 12, 2008. See Public Notice, Policy Branch Information, Report No. SAT-00530 (released June 13, 2008). HNS License Sub's STA request in File No. 0286-EX-ST-2008 relates to an underlying transfer of control application for Experimental Radio Service License WD2XRV that is substantively identical in terms of ultimate ownership and control to the International Bureau transfer of control application for Hughes that has now been granted. See File No. 0023-EX-TU-2007.

Please let me know if I may provide any further information in this regard.

Respectfully yours,

Stephen D. Baruch
Attorney for HNS License Sub, LLC
