DISMISSED-WITHOUT PREJUDICE

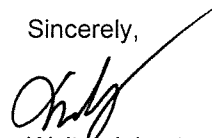

Dear Theodore Holdahl,

This refers to application, File No. 0081-EX-ST-2012, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. We believe that the licenses that have already been granted for spread spectrum experimentation have completely fulfilled the need for testing of this technology. Further requests for this type of application are best accomplished by filing a petition for rulemaking seeking permission for this application within the authorized frequency bands.
