Message:

You have answered the question on the length of time expected for the experiment as three months. The Form 442 is the wrong form for short-duration experiments. You will need to refile this experimental request using the Special Temporary Authority (STA) filing option from our Web site. STAs are for experiments expected to last six months or less. You may use the template feature while filing to copy most of the data from this current application to simplify matters.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 21, 2012 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
