Re: Experimental Radio Station Construction Permit and License
File No. 0146-EX-PL-1999

Dear Ms. Salas:

On behalf of Honeywell, Inc., I enclose a duplicate original and four copies of our application for a radio station license to operate an Inmarsat aero-H terminal in the U.S. for test and demonstration purposes. Also enclosed is a ~~check~~ for the requisite filing fee of \$45.00.

We submit this signed duplicate in place of our original application, which we now understand was not received at Mellon Bank. The Commission staff received a copy of the application and has granted us a radio station license, dated May 20, 1999, contingent upon receipt of this substitute original filing and fee.

I also enclose an extra copy of this submission. Please file stamp it and return it in the ~~express~~ express delivery envelope. If you have any questions about this application, please call me.

Sincerely,

John Hiett
