The FCC Form 405 and FCC Form 159 for renewal of station WA2XRK was sent along with the check for \$45.00 on August 24, 2000 to the Pittsburgh office at PO Box 358320. I hand copied the submittal because there were errors on the on-line Submittal and the FCC advised that due to a problem on their disk that lost some of the submittals, it would be a good idea to resubmit by hardcopy.

Matt,
I don't know why this came to me. I guess my name and old alliedsignal email address are associated with this license which I guess is the TCAS roof license. I no longer have the recent in house emails or any record of the license. I leave this to you.

Hello

Your experiment renewal for callsign WA2XRI, file number 0145-EX-RR-2000 is ready to be granted. We are waiting for the fee to clear through the bank. Were the form 159 and fee submitted?

Thank You
