In its license renewal application for Call Sign WE2XOE, Hyundai Motor Manufacturing Alabama, LLC ("HMMA") identifies the following change:

- **Primary Stop Buzzer Contact:** Shane Nice, Manager of Process Engineering, General Assembly Department ((334) 387-8523, shanenice@hmmausa.com).

HMMA previously provided this information in the "Changes Made" box of its prior renewal application. See ELS File No. 0038-EX-CR-2018 (identifying Shane Nice as primary contact). HMMA reiterates the statement out of an abundance of caution.
