Subject: FCC File No. 0470-EX-ST-2010

---

Message:

Dear Mr. Ghaffari,

Thank you for your e-mail correspondence of this morning. Please use the following lowered ERP value for iRobot Corporation's Special Temporary Authority application File Number 0470-EX-ST-2010:

Effective Radiated Power (ERP) = 1.2 Watts

These values apply to both antennas in our application (fixed and mobile).

Thank you,

- Osa Fitch
