RE: Experimental Application File No. 4486-EX-PL-94
Signature Date: August 23, 1994

Dear Mr. /Ms. Garibay:

The above referenced application has been pending with the FCC for a considerable period awaiting approval from the International Bureau of the FCC granting COMSAT authority to service the Inmarsat equipment listed in your application. In addition please supply the narrative statement as required by Section 5.57 of the Experimental Rules. To date we have been unable to obtain the necessary clearance from the International Bureau of this Commission nor have we received the narrative statement.

If you have a current letter issued to Comsat Mobile Communications, giving them permission to serve the Inmarsat equipment in your application, please send us a copy along with the narrative statement and we will resume processing your application. If you have not received such a letter, and the requirement for this operation still exists, please contact Comsat to obtain a copy of approval from the FCC to serve these terminal(s). In either case and in view of the long pendency of your application, please indicate in writing, whether or not you wish to continue to prosecute your application.

Please submit the requested information to the FCC, 2000 M St., N.W., Suite 230, Washington, D.C. 20554, Attn: OET/NTDD/ELB, MS 1300E1, Ms. Peggy Fowler. Failure to respond within 30 days will result in the dismissal of your application in accordance with Section 5.60(b) of the Commission's Rules.

Sincerely,

Paul L. Marrangoni
Chief, Experimental Licensing Branch
