

To Whom It May Concern,

On behalf of IMSAR, LLC I would like to apply for a modification of Experimental License Call Sign WE2XVR to further the development and testing of IMSAR's radar system.

This application modifies the following location:

1. Frequency Add: Utah, 15.4GHz – 15.7GHz, 2/153W, 100MW7M
2. Frequency Add: Utah, 15.4GHz – 15.7GHz, 1/484W, 100MW7M
3. Frequency Add: Eglin Test Range FL, 15.4GHz – 15.7GHz, 2/153W, 100MW7M
4. Frequency Add: Eglin Test Range FL, 15.4GHz – 15.7GHz, 1/484W, 100MW7M
5. Frequency Add: Corbin VA, 2350MHz-2450MHz, 05/97W, 100MD7W

The end user of these experimental systems will be predominantly the US Department of Defense. I hope the attached document has sufficient information to enable a favorable approval of an experimental license.

Sincerely,

Josh Snook
