

The Boeing Company is the parent company of both Insitu and Insitu Pacific Pty Ltd. Insitu is located in Bingen, Washington in the United States and Insitu Pacific Pty Ltd is located in Alderley, Australia.

Insitu currently holds a Federal Communications Commission experimental authorization under Call Sign WK2XUM to conduct unmanned aerial vehicle operations in Arizona, Washington, and Oregon. Insitu requests Federal Communications Commission consent to transfer control of FCC Call Sign WK2XUM from Insitu to Insitu Pacific Pty Ltd. Insitu plans to relinquish control of these operations to Insitu Pacific Pty Ltd upon FCC approval.

The Transaction for which Commission approval is sought serves the public interest. Insitu Pacific Pty Ltd will utilize the License in accordance with the terms of the FCC's grant of the License.
